

WalmartWorkers
for **CHANGE**

Wal-Mart Workers are Organizing For Change and they need your help!

Wal-Mart workers across the country are taking on the largest corporation in the world.

Twin Cities Wal-Mart workers are stepping forward for better workplaces and better lives. Seven workers from Minnesota stores joined workers from all over the country to bring their voices for change to Washington. They called for action---for passage of the Employee Free Choice Act so they could bring change to Wal-Mart.

Hear from these workers and Support their courageous action:
